Let's go Cruising to Mexico-Feb 1-6, 2010

As little as \$100.00 can reserve your cabin. Call today. We take Credit Cards.

Our sister in Law, Jackie Jenkins, was involved in a car crash. One fatality, but not of our family. The 18 year old driver died with drugs and alcohol inside her vehicle. Angels protected Jackie. Today we give God Thanks.

Special points of interest:

- * Birchman BC-good food, fellowship -fun. Good to see Kristen Utter and her Mom & daughter.
- * Pathway International COG-good to see Dustin May family and Bestul family. Regina can still sing and bless us!
- * Sulphur Bluff AG-God used this church once again to fill our cups. WOW. Thanks for the Mexican food and yes, Caleb we both love UFC.
- * Took Rhonda, sis #4 to eat for BD. Also, enjoyed the Mother-Daughter meal with Ranessa & Rhondy. Our table tied for FIRST PLACE. We had it decorated like we were camping -out.
- * PGG Convention- good to see the Villa's and Brandon Gregg and meet Lacy. Our sis, Judy came and helped load back up. Thanks!
- * LA trip-Mom went and we stayed in the Holloway's 3 story house. Mom tumbled down steps, but she's OK.
- * Higgins Family-good to see you all again. Love the shrimp soup and French bread. Mom loves to visit with you.
- * Benefit sing for "Clean Sound". Good to hear Master Peace and love the Hendrix Trio.
- * Loretta Vavalis-thanks for ordering 5 more CD's & the wonderful prayer you prayed for us on the phone. We love you!

Well, lots of things going on since last we spoke. My garden froze, so I replanted. It froze again last night, so guess I'll replant after Good Friday. Lot of work, but Mom and I love it. I've eat all the radishes I can pick and clean, as well as greens & onions YUMMMY.

Our home A/C-Heater went out. Should have cost us around \$6000.00 for a heat pump/bigger unit to be installed. We didn't have to spend one red cent. Sis. Karen from our church called the day it went out and said the Lord had impressed her 3 times to pray for us. Finally she called to see if we were ok. Her prayers got us a new unit without any cost to us! The heat pump should save us up to \$100.00 per month on electricity.

Angie prayed and said "Lord, you know our warranty goes out in November, so if anything else is about to break, please let it go ahead and do it now, not after the warranty runs out." The next day the water heater pours water all in the floor of the utility room, Nella's room and under the house. We had to get a brand new unit installed, and that didn't cost us a penny either. Lots of trouble, YES, money, NO. I think the Lord has a sense of humor.

Are you going with us on the cruise? Lots of people have signed up, so you better hurry. Limited cabins at that price. A deposit will hold a cabin at the prices on the brochure, but when they are sold, the prices may go up. 14 groups plan to go & sing. We want to sell more than anyone! **HURRY!**

Happy Easter to Everyone!

Celebrate this season with new LIFE.

Jackie (wreck survivor) resting on son, Landen, who is leaning on Dad, Ken. Praise God this family is still together.

News continued

After we got the news about our sister-in-law, Jackie and her bad wreck we headed to MS as soon as we could. She's a living miracle. Broken bones, but no internal injuries. She'll take several months to be normal again (which we always questioned about her....LOL) but she's already walking on her leg with the pin in it. We couldn't take away the pain, but we could clean house, cook meals, do laundry, pick up medicine, run errands, & called for police reports.

We cleaned a big house for Jackie that she normally cleans and donated the

money to her, picked up items for fund raisers, wrote down who sent flowers and cards, took the children shopping at Wal-Mart and tried to ease as much of the stress from our little brother, Kendyll as we could. I took my bathroom decorations and re-did the girls bathroom while we were there. It looked cute, I thought. They now have plenty of towels, wash cloths, and hand towels for guests.

While we were there, Tonya came with 2 of her children (round trip 6 hours for her) and all 5 of us girls stayed in one bedroom with one bed. That was a slumber party

cause not much sleep was to be found. When we left to sing that week end, we were give plumb out, but glad we had a flexible schedule so we could meet some needs, and be a help.

Vehicle Update and Momma Jenkins Update:

We have a new tremor in the car. We're not sure what that is. Maybe the bad tires. It's almost funny now when something else goes wrong. We just know God is getting closer to filling our need for a bigger more dependable vehicle. He knows all about it, as we remind him daily.

Angie says in our little car "Our clothes are good and wadded up!" We've worn more wrinkles on stage than Grandma Moses! LOL

We've driven Mom's car a lot lately, because she's gone with us. People love to hear her

sing, and she almost always gets a standing ovation. It's so sweet. We love her, but are so proud when others love her too.

One church in Texarkana, Buchanan BC ask especially for her to sing. They were honoring the widows of the church and thought it would be great if a widow could sing Sunday AM. Mom brought the house down. She was all dolled up and got to sit at the head table. She was walking in high cotton that day!

That night she went to church with Rhonda and family and they took her an offering. The Eunice

church sends her an offering once in a while too and we are so thankful for that as well.
