Howdy!

I hope all of you are having a great Spring/Summer Season. I love this time of year. I stay so busy tilling, weeding, planting, re-planting (if it freezes like this year) mowing and weed eating. Lots of Vit D in the Sunshine! I have pushed lupus so far away, I expanded the garden almost twice it's size.

That's how much better I feel. My symptoms are almost gone.

I usually advertise my Home Study Courses more during this season, and stay busy sending those out and grading them and mailing certificates. I'm so proud of you who did study hard and get your certificates. I'll list (on the back) everyone who passed the tests and give a little accolades to all of you. So, read the back carefully! Your name maybe posted there.

I have a new Bonus Plan I've been offering, since Jan 1st, 2009.

For all of you who don't order enough to get a bonus each month, I'm offering a plan to help you get a 10% discount. This applies to anyone, even if you are not a distributor or manager with Nature's Sunshine Products. You just need your order ready, preferably with stock numbers (but not mandatory) and a credit card number, along with your shipping address.

Call me with your order at Home Office 817-489-2466.

I'll call the order in and keep account of who ordered what under my name.

(This is the only way I can know who ordered what.)

When I get my bonus check around the 15th of the next month, I'll mail out your 10% rebate. So, this way you can have a little extra spending money.

If you already order from the company and get more than 10% back in bonus' this will not apply to you. **This is only for the "little people" who don't buy enough each month to get a check from NSP.**

How's that for helping the economy? Let's all do our part.

I'm so proud of my home study students.

Some of you finished your Certified Herbalist Home Study Course in just a few weeks. Others made perfect scores and some of you did both! Congratulations to:

David Bsaudentistel

Cayce Susan Stepien

Charles Radnie Crafton

sweet card) is still working on
Advanced Herbal Course #2,
just completed hers. Keep up

Joy Holloway also has a Certified Reflexology Class in the works in August. If you can get 6 paying students, I'll come to your business/home and teach it. Email me for more information.

NSP came to Texas April 18th. You got a Free bottle of Silver Shield SOL if you attended. Dr Gordon Pederson taught about all the things Silver Shield SOL does. I call it "Death in a Bottle", because it kills: * bacteria, * virus, * staph, * infections, * diaper rash, * yeast, * mold, * biochemical infections, * anthrax, *bird flu, etc, "It was truly eye opening and awesome." It has no taste, so children will take it and many times it will eliminate the need for antibiotics, which we know are harmful to those little bodies.

We plan to keep a case on hand for "just in cases". I've been using it in my ears for hearing loss, eyes for veins behind them, spider veins, rubbing it on any wound or sore. Applying the gel in my mouth has helped abscess like nothing else has, and drink the liquid for arthritis or inflammation problems.

WOW. Get you some today and tell me your testimonies.

If you want to continue your education, Trinity College of Natural health has wonderful home study courses.

Although expensive, it's great to learn all you can. 1-800-428-0408. I paid around 5000.00 for my credentials, so that's why I developed the Certified Herbal Courses. Not every can spend that kind of money or have that kind of time to become Certified. For only \$100.00 you can become a Certified Herbalist. After you finish Course #1, you can purchase Herbal Course #2 for \$125.00. If you already have the text books or can get them used at www.Amazon.com, you can deduct \$25.00 off the price of the courses. See how easy I made it for you? Email me for more information at nsplbs@yahoo.com.

I'm so excited about a NSP product I've known about for years, but just used some this month. I have developed a dry scalp. I've tried everything. My hair dresser recommended some things and I tried that as well. This time of my life has been a challenge, and this was one of my biggest. I ordered some JOJOBA OIL and have been applying it after I shampoo and towel dry my hair. It's not greasy and has cleared up my dry scalp! A little ole bottle that cost less than \$12.00 did the trick! I'm so happy with my NSP!

Make sure you call NSP every week at 1-800-223-8225 and get the list of items on sale. It saves you even more money! This week they had herbs on sale for \$5.00 each. Sometimes you can get a bottle free.

NSP ha introduced a new cleansing program. Called "Candida Clear Cleaning", it's a 2 week supply. It's great for someone who suffers from chronic bladder infections, yeast infections, mold poisoning, has taken antibiotics, or eats too much sugar. Stock # 958-7.

I had a friend, Shannon, try the Weight Loss Cleanse and lost several pounds, but more importantly, felt better!

You can visit my web site for more information about herbs at www.mynsp.com/LBS or you can go to www.naturessunshine.com and shop there. If you want to get the product at cost and order on your own, you'll need a manager/sponsor number. My number is 120480-4. It's \$40 to sign up, but you get \$40 worth of free products, so you come out the winner! Their # is 1-800-223-8225.
