Independent Distributor of Nature's Sunshine Products

Hello summer!

This Texas heat of 103* can kill you. Make sure your Immune System is working properly to insulate you against heat stroke. If you do get out in it, protect yourself with Silver **Shield Gel** or NSP's skin care products. The daily moisturizer is great.

If you get sunburned, nothing takes the heat and pain out faster, then **Silver Shield Gel**. It's like a miracle in a tube. I carry it every where. It's also the best acne fighter I've ever found.

A funny story:

My sister Tonya's youngest boy had acid indigestion. His dad told him to take 4 Catnip and it would stop burning. He found the herbs and took 4 "**Capsicum**" which is red hot peppers. In a little while, his stomach was still burning, so he took 4 more! In the 30 years of selling herbs, I've never had anyone take 8 capsicums in one day! She laughed and laughed at him, and warned him about the "END RESULTS!"

A good story:

Wess has been taking thyroid medicine for about 20 years. He always had an energy "drop" in the afternoons. Since being on **Kelp**, 4 2X daily, he has discontinued his medicine and no longer has the energy disappear in the afternoons. Wow. What a testimony.

Summer School is FUN

Many of you have ordered the Home Study Courses to become a Certified Herbalist this summer. Happy Learning! Some have already completed the study and received their certificates. They are:

Carolyn Ruth Clinkingbeard: an 83 year old. I'm proud of you!

Bobby Bartlett: Finished Course #2. WOW.

Others working on Herbal Courses are:

Carlton Fullwood, Diane O'Connor, Debra Renee Rudolph, Karen Schoeve, Joni Harris, Robert C. Staiano, Keitha Story Stephenson, & Lindsey Head.

FACTS:

The Home Study Courses were developed over 20 years ago after I discovered my Nature's Sunshine downline could not afford the expensive credentials I had invested in. They needed something easy, quick and inexpensive to become

certified, ASAP. I developed, then offered it to them and it was so popular, I offered it to the general public. For \$100.00 you too can become a Certified Herbalist and sign "CH" after your name.

Also for a while, I'm offering a Coupon Code for \$25.00 off. The CODE is **LBS310NJ3MO** and must be on your sign up form. If you have the book, "Today's Herbal Health" you can save an additional \$25.00. This book is offered at www.Amazon.com.

Special points of interest:

“Basic Facts you should know about vaccinations.” Taken from HealthKeepers Magazine 39

1. Vaccines are toxic.
2. Immunization depresses the brain and Immune system.
3. Adverse vaccine reactions are being ignored.
4. Mass vaccinations endanger the public.
5. No law enforces vaccination for anyone.
