## Hello summer!

### INSIDE THIS ISSUE:

- Silver Shield Gel 1
- Funny story 1
- Thyroid story 1
- Certified Herbalist 1
- Coupon for \$25 off 1

This Texas heat of 103\* can kill you. Make sure your Immune System is working properly to insulate you against heat stroke. If you do get out in it, protect yourself with Silver **Shield Gel** or NSP's skin care products. The daily moisturizer is great.

If you get sunburned, nothing takes the heat and pain out faster, then **Silver Shield Gel**. It's like a miracle in a tube. I carry

it every where. It's also the best acne fighter I've ever found.

### A funny story:

My sister Tonya's youngest boy had acid indigestion. His dad told him to take 4 Catnip and it would stop burning. He found the herbs and took 4 "**Capsicum**" which is red hot peppers. In a little while, his stomach was still burning, so he took 4 more! In the 30 years of selling herbs, I've never had anyone take 8

capsicums in one day! She laughed and laughed at him, and warned him about the "END RESULTS!"

### A good story:

Wess has been taking thyroid medicine for about 20 years. He always had an energy "drop" in the afternoons. Since being on **Kelp**, 4 2X daily, he has discontinued his medicine and no longer has the energy disappear in the afternoons. Wow. What a testimony.

### Special points of interest:

"Basic Facts you should know about vaccinations." Taken from HealthKeepers Magazine 39

1. Vaccines are toxic.
2. Immunization depresses the brain and Immune system.
3. Adverse vaccine reactions are being ignored.
4. Mass vaccinations endanger the public.
5. No law enforces vaccination for anyone.

## Summer School is FUN

Many of you have ordered the Home Study Courses to become a Certified Herbalist this summer. Happy Learning! Some have already completed the study and received their certificates. They are:

**Carolyn Ruth Clinkingbeard:** an 83 year old. I'm proud of you!

**Bobby Bartlett:** Finished Course #2. WOW.

Others working on Herbal Courses are:

Carlton Fullwood, Diane O'Connor, Debra Renee Rudolph, Karen Schoeve, Joni Harris, Robert C. Staiano, Keitha Story Stephenson, & Lindsey Head.

### FACTS:

The Home Study Courses were developed over 20 years ago after I discovered my Nature's Sunshine downline could not afford the expensive credentials I had invested in. They needed something easy, quick and inexpensive to become

certified, ASAP. I developed, then offered it to them and it was so popular, I offered it to the general public. For \$100.00 you too can become a Certified Herbalist and sign "CH" after your name.

Also for a while, I'm offering a Coupon Code for \$25.00 off. The CODE is **LBS310NJ3MO** and must be on your sign up form. If you have the book, "Today's Herbal Health" you can save an additional \$25.00. This book is offered at [www.Amazon.com](http://www.Amazon.com).

In a world of stress, you have to find things that relieve the stress. My sisters and I find camping or cooking out can have a very beneficial effect on us. So, during our singing tours, we try to find time for R & R.

## Nature's Sunshine Offers Weekly Specials

Make sure you call NSP every week at 1-800-223-8225 and get the list of items on sale. It saves you even more money! Each week they put items on sale for \$2.00 off or buy 4 get one free.

They even offer \$5.00 items now and then.

When that happens, everyone stocks up!

The oil spill has some folks concerned about Kelp being damaged in the ocean, so they stocked up. It caused the rest of us to get back ordered. But have no fear, NSP will find a source of Kelp

that is not toxic. They put everything through 12 tests before they accept the material. They also fingerprint everything, so a grower doesn't slip in other materials that are cheaper. We are the world's largest capsulated herbal company, so we are tops!

## Inside Story Headline

One benefit of using your newsletter as a promotional tool is that you can reuse content from other marketing materials, such as press releases, market studies and reports.

While your main goal of distributing a newsletter might be to sell your product or service, the key to a successful newsletter is making it useful to your readers.

A great way to add useful content to this newsletter is to develop and write your own articles, or include a calendar of upcoming events or a special offer that promotes a new product.

You can also research articles or find "filler" articles by accessing the World Wide Web. You can write about a variety of topics but try to keep your articles short.

Much of the content you put in your newsletter can also be used for your Web site. Microsoft Word offers a simple way to convert your newsletter to a Web publication. So, when you're finished writing your newsletter, convert it to a Web site and post it.
