

To Whom It May Concern:

I would like to take this opportunity to recommend to you Southern Gospel musical recording artist "Jenkins & Company". My group, "The Bradys", have had the privilege of working with them and being around them quite a lot in the past few years and we have found them to be spiritually uplifting both on and off stage. As a part time radio person on our rare days off the road, I am always happy to air the music of "Jenkins & Company" knowing that it will be air worthy in quality and in style, and most importantly, that it will minister!

Sincerely,

Keith Brady

Warm Christian Greetings:

It's always a pleasure to recommend friends...especially those who are talented, honored and respected by their peers. This is certainly true of JENKINS & COMPANY. They have worked on many of our Christian music cruises, "JUBILEE AT SEA". They are always received very well by our audiences. I always know they will present an enjoyable program that will touch our audience with harmony and ministry. You can be assured they will do the same for you. They have a wonderful history of ministry and music. Those of us in the Christian music community are proud of JENKINS & COMPANY.

Regards,

I have known the Jenkins Sisters and Co. for several years. Not only are they talented, but their sincerity and kindness wins the hearts of the people everywhere they go. I consider it an honor to call them "friends". I cherish their friendship. I'm excited about what God is doing with their ministry.

What a thrill to hear from you. We have appreciated your sweet spirits and lovely smiles since meeting you back in the late 80's. We have watched you grow and progress through the years in many ways. We see so many talented people that need just a little assistance or just a little push to get them to the next level in their ministry. We have felt for a long time that you are one of these groups. We pray for God to put favor in the hearts of those people He is bringing into your lives to give you that assistance, and we pray for God's richest blessings as you continue in this industry and in your ministry.

I recommend the Jenkins Sisters not only because of their talents, but because of the sweet spirit and their cooperative attitude.

Thank you for coming to Augusta. We enjoyed our time with you so much. You all are so dedicated – that’s what He’s looking for in every group. Thanks again for your convictions and standards – you don’t see that today!!

Many Blessings,

I just wanted to tell you how much we enjoyed having you in our services this past Sunday.

I have had people tell me that they don’t usually like Southern Gospel, but they loved the Jenkins Sisters.

You changed from one song you were going to sing and decided to sing “Thread of Hope” instead. That song is so special. I wanted to thank you for your obedience to the Holy Spirit’s leading in doing that. You see, the lady that was baptized that morning, just showed up at our church a week ago saying she needed to know “how to know God,” so we led her to the Lord. While I was helping her prepare for baptism, she kept going on and on about that song “Thread of Hope”. She doesn’t have a church background. I just wanted you to know that you ARE MAKING A DIFFERENCE FOR THE KINGDOM! Thank you for leading us to worship the King.

I highly recommend the Jenkins Sisters. Your church will be blessed by their Southern Gospel Music and they have blessed us each time they have ministered.

We have been blessed to know the Jenkins Sisters our entire ministry of almost 13 years. These ladies show such love for the Lord throughout their music, testimonies, and most of all their walk. Angie & Nella sing from the deep place in their souls and all who get to hear them are touched. We love these precious sisters dearly.

The Jenkins Sisters are more than just a gospel singing group to Riverdale Assembly of God. They are friends. Over ten years ago they came to minister for the first time and their music and testimonies were blessing to our congregation. Their work among the American Indian Tribes was an inspiration also. But, it was after the concert that we discovered a group that loved God and people with all their hearts. We fell in love with their humble spirit and compassion and the way they made you feel like lifelong acquaintances. Don't hesitate to invite them to your church but take caution as you may end up an old friend!
